Gang – Please see the question below about any funding we’ve provided to the Warm Springs since – or in advance of – the boil water notices...see the highlighted part of the reporter’s question.

Can you provide a definitive answer to Mark and me by COB today?

Thanks – Bill.

What have the financial commitments for assistance through the EPA been in response to the water disaster in Warm Springs? Feel free to mention any assistance prior to May 31, which relates to the same issues. Based on your initial response, the agency convened a funding summit, but has not allotted any money.

There are ten EPA specific funding mechanism acc/2 this matrix.

Emily: Bill & I spoke this morning and we both agreed that it would be helpful for us if you could re-state your last question so we can make sure we're getting at what you're looking for in terms of the story.

Thanks!

Bill will be back and I'd like to ground-truth our response with him since he has much more continuity on the effort.....
